Endocrinology, Diabetes and Metabolism Fellow Vacation and Conferences

Fellow’s Name: ____________________________________________

Research Mentor: __________________________________________

The official policy of the Washington University/GME Consortium is 15 working days vacation per year. In addition, fellows must include interview days as vacation days.

Funding, limited to $1000, will be provided for all first and second year clinical fellows to attend one (1) SCIENTIFIC meeting per fiscal year, i.e. ADA, AHA, ASBMR, etc.

First year fellows may attend one educational/scientific conference per year. Second year fellows are provided the opportunity to attend two educational conferences per year. However, funding is still limited to $1000 per fellow per year.
